AARP SAFE DRIVING CLASS HELD AT MAPLEWOOD

As a person ages, there are changes in vision, flexibility, strength, range of motion and even height which may reduce control behind the wheel. One thing older drivers can do to adapt to factors that may affect their driving is to make individual adjustments to find their best person-to-vehicle fit. Find out how to keep your license longer and be a safer driver through AARP's Safe Driving class, as Dr. J. Tony DeGiovanni instructs the class. It is offered at Maplewood Health & Rehabilitation Center, 245 Sycamore St., Sauk City, on **Thursday, April 25, 2019 9:00am - 1:30pm**. There is a nominal fee (cash/check no credit card option available) for instruction materials: AARP members = \$15, Non-AARP members = \$20. Please bring your AARP number and driver's license for registration purposes. Reservations are not necessary, but they are welcome, 643-3383.
